

Continuum of Care

lunchnlearn

January-May 2026

Continuing Education Calendar

Each month, pharmacists, and pharmacy technicians at **Premier Continuum of Care (CoC)** member organizations are invited to participate in live, knowledge-based, continuing education (CE) activities – Lunch 'N Learn (LNL) CE. The CE activities are provided as teleconferences/webinars on topics that are based on member needs assessment surveys, new guidelines or regulation updates, and new findings in the medical literature. **All CE offerings are fully funded by Premier CoC and are free to Premier CoC members.** Please share this CE calendar with your pharmacy staff, so that all staff can view the upcoming CE program offerings.

Additionally, we offer home-study CE activities and in-person live CE activities – these are listed below.

All activities are identified by the corresponding icon, so that a member can easily locate an LNL, home-study, or in-person live CE activity below.

Lunch 'N Learn (LNL) CE

Pharmacist Objectives

- Identify where long-acting injectable (LAI) antipsychotics fit into treatment guidelines in the management of schizophrenia
- Explain the potential impact of LAI antipsychotics on patient outcomes
- Describe different LAI medications currently available for the treatment of schizophrenia

Pharmacy Technician Objectives

- Identify where long-acting injectable (LAI) antipsychotics fit into treatment guidelines in the management of schizophrenia
- Explain the potential impact of LAI antipsychotics on patient outcomes
- Describe which antipsychotic medications can be administered in a long-acting injectable formulation

Each participant must create an account on the **Premier Continuum of Care CE** website at <https://ce.continuumofcare.premierinc.com/>. In order to get credit posted to their CPE Monitor account, participants must do the following:

1. **Register** for the activity on the **Premier Continuum of Care CE** website
2. **Take** the pre-test
3. **Participate** in the CE activity
4. **Complete** the post-test and evaluation on the CE website within 45 days of the event

System Requirements to Access the Webinar: **Click here** to view CE webinar system requirements for the learner to complete the online activity, including the internet browser(s) supported and minimum versions of each, and the minimum memory, storage, processor, and internet.

HOME-STUDY CE: Effective February 23, 2023, Premier CoC has made the home-study CE available for Premier CoC members (pharmacists and pharmacy technicians). All current home-study CE webcasts are available on Premier Continuum of Care CE website at <https://ce.continuumofcare.premierinc.com/>. Once on the website, scroll down to see all current CE offerings, select the “Distance” tab, and all current home-study CE webcasts will be listed under that tab. Click on the one you are interested in, and follow the instructions to complete the home-study CE and receive CE credit. New home-study CE webcasts will be added to the website when they become available, and their availability will be communicated to all members who opted to receive notifications regarding CE.

CONTACTS:

Liya Davydov, PharmD, BCPS, BCGP (liya_davydov@premierinc.com)

Yuk-Gen Chin (yuk-gen_chin@premierinc.com)

Premier, Inc. is accredited by the Accreditation Council for Pharmacy Education as a provider of continuing pharmacy education. These CE activities are free of charge to Premier members. CE participation will be provided to CPE Monitor within 45 days of the CE activity, upon verification of participation in the educational program, successful completion of the learning assessment and speaker evaluation. NABP e-profile ID number and birthdate (MMDD) must be provided by participants in order to receive CE credit.
